WEST SALEM FAIR GROUNDS DONATED FOR A NEW SCHOOL

AGRICULTURAL ASSOCIATION PASSES RESOLUTION

WANT AGRICULTURAL SCHOOL

County Board Expected to appropriate Necessary Amount of Money at Meeting March 25th

WEST SALEM, Wis., March 10.—(Special.)—At a special meeting of the La Crosse County Agricultural association, a resolution was adopted by a vote of 192 to 15 to donate the La Crosse county fair grounds here as a site for the new state agricultural and domestic science school, if established.

The county board meets March 25, at which time it is expected the county's share of the money necessary to support the school will be appropriated.

The special meeting adjourned and another of the vice presidents was immediately called to order at which the following new officers were elected for the year:

President—John Berg, Holmen.
Secretary—William Zirbel, West Salem.
Treasurer—S. W. Brown, West Salem.

RUEF AND SCHMITZ FREE ON ERROR IN INDICTMENT, SAYS SUPREME COURT

SAN FRANCISCO, Cal., March 10.—The supreme court of the state has denied the application of District Attorney Langdon and his assistants in the prosecution of alleged grafters for a rehearing of the Schmitz extortion case.

This decision sustains that of the appellate court, which declared Schmitz and Ruef not guilty of the crime of extorting money from French restaurant keepers. The ruling by the supreme court is a hard blow to the graft prosecution. It is based on technical error in the indictments.

NIGHT RIDERS AGAIN BUSY IN KENTUCKY

LOUISVILLE, Ky., March 10.—A hundred night riders captured Birmingham, Marshall county, early today. They shot six negroes, one fatally, whipped five others and told all to leave. The tobacco troubles were not a factor. Two hundred riders visited Brooksville and took possession of the telephone to prevent an alarm, and destroyed 40,000 pounds of tobacco. They forced a tobacco man to point out the pooled and independent tobacco in the warehouse and the pooled was then burned.

MOTHERS' CONGRESS IS OPENED TODAY

WASHINGTON, D. C., March 10.—President Roosevelt today opened the first international congress of mothers. All the states are represented and there are many foreign delegates present. The meeting will last week. The president received the delegates to whom he made a speech. The British ambassador, Gen. Francois Goubert Pleneur, of Angola, Africa, and Judge Lindsay, of Denver, were among the speakers.

CORSETS FOR OUR SOLDIERS?

NEW YORK, March 10.—The design for a soldier's corset, which will make fat soldiers slim and keep slim soldiers from getting too fat, has been submitted to Surgeon General O'Reilly by a woman inventor. The inventor of the military corset is a French woman. She is now in Washington pressing her claims for recognition before the war department. She is accompanied by a trim French maid, and between them they have managed to interview most of the higher officers on duty in Washington. But the influence of the surgeon general is the most valuable of all, and it is on him that the French women have been directing their fire for the last week. "The madame, from what we have heard," said an officer at the Army and Navy club yesterday, "certainly impressed the surgeon general. She told him the corset was the result of years of careful study."

MAY GET 4 WARSHIPS. WASHINGTON, March 10.—Owing to the graft charges against the Electric Submarine Boat company, there has come a revulsion of feeling which may result in the committee which is accused of being "influenced" in its recommendation that submarines be built at the expense of cutting the president's request for four battleships down to two being disregarded, the submarines eliminated, and the four battleships actually ordered.

FAMOUS LA CROSSE GIRL WHO WILL BE LEADING SOLOIST AT SAENGERFEST

MISS ANNA HICKISCH

Miss Anna Hickisch, soloist for the Saengerfest, is the most noted singer La Crosse has produced, her talent having taken her before the monarchs of the world in distinguished performances.

Miss Hickisch was born in this city, graduating from the high school here at the age of sixteen. From her childhood she showed pronounced musical genius, and following her graduation she went to Boston, spending three years in the New England conservatory of music, where she acquitted herself with high honors.

Next Miss Hickisch went to Paris, where she spent two years taking up voice culture under Jacques Bouhy and dramatic art under Valdejo. The following year she spent with Randerger in London, finishing her studies there.

Returning to New York, Miss Hickisch entered concert and church work for a time, until she was engaged by the Alice Nielsen company, which played here a few weeks ago, becoming Miss Nielsen's understudy.

In "The Singing Girl," in which she toured the principal cities of the United States. The company went to London, and while there at the Shaftsbury theater in the leading role, Miss Hickisch engaged herself for two years with the Moody-Maunders Grand Opera company, with which she appeared for a number of weeks each season at the Convent Garden, London, appearing in such parts as "Marguerite," "In Faust," "Venus in Tanhauser," "Michaela," in Carmen, "Arlene" in the Bohemian Girl, and "Beatrice" in Much Ado About Nothing.

A flattering engagement offered by George Edwards next took her to South Africa, where as "Veronique" she played with such success that the company remained on that continent a year and a half. Since returning to England Miss Hickisch has toured most of the principal cities of the provinces, but has spent most of her time in London in "The Dutchess of Dantzic." Her appearance at the Saengerfest will be her first visit to her home city for a number of years.

HYSTERICAL RUSH TO FILE PAPERS

DELEGATES TO REPUBLICAN CONVENTION HAD SCARE

MANSON ORDERS DID IT

Rumor That Wing and Houser Had Barred Themselves From Official Ballot

Resulting from a hurried call to democratic national convention delegates to get their petitions filed at Madison by last Saturday at the latest, republican legal talent has been overworked and turmoil has reigned among republican politicians for two days past, owing to the fact that E. M. Wing and Walter Houser, of Mondovi, delegates for this district to the republican convention, had failed to file their petitions at that time. It was asserted by democrats that their names could not now be placed on the official ballot for the election April 7, and that they could be voted for only by writing in their names.

Chairman Manson seems to have been in error. Attorney Frank Winter says so after a close inspection of the law, and while other attorneys do not all agree, his citations seem to cover the point. The confusion arose from a clause in the primary law making it necessary for the filing of credentials thirty days prior to the election at least, but that is said by Mr. Winter to be only in case of a nominating primary. Another clause in the law, which affects general elections such as this one is, provides that where nominations are made by petition, the final voting to be done at a general election, the rule of the general election law requiring the filing of the papers at least 20 days before the election shall hold good. At least, that is Mr. Winter's view, and if it is correct, the petition of Messrs. Wing and Houser may be filed at any time up to next Tuesday. All the democratic papers had been filed by last Saturday, in compliance with the directions of Mr. Manson.

ICE BREAKING UP IN RIVER TODAY

Ice went out below the bridge this morning, but lodged a half mile down river. The ice is out at the elevators, but is lodged above the bridge. The stream is full of floating ice, and another warm day is expected to loosen the remainder and clear up the harbor of all stationary ice. The ice broke from the point of Pettibone park and swung over to the Wisconsin side. This is said to be the earliest breaking-up on record.

MORE COWS ARE FOUND TUBERCULAR

Following the examination of the herd of cattle at the Langdon & Boyd Packing company last week by State Veterinarian Roberts, Mrs. Iven Jensen, 1347 George street, who delivers milk about the city, became suspicious and disposed of two of the six cows that she owned.

One of the cows was sold to Langdon & Boyd and when the animal was killed yesterday morning it was found to be affected with tuberculosis, by Government Inspector Roomer and was condemned. The other animal was sold to H. Johnson, a butcher on George street and although not inspected by the government was stated to be all right and no evidence of tuberculosis was found.

The remaining four head of cattle are being examined this afternoon by Dr. Holmes and if found affected will be condemned at once and taken charge of by the government.

Herd Found O. K. Dr. B. F. Holmes, veterinarian, returned this morning from West Salem, where he tested a herd of forty cows for W. W. Leete. The animals were sold to parties in Minnesota and under a recent law must be examined and a certificate sent with them before being allowed to cross the border line. Dr. Holmes, who has been appointed district inspector, made the test yesterday and found the animals to be in good condition.

WOULD ASSASSINATE KING OF SWEDEN

CHRISTIANA, Sweden, March 10.—Swedish workmen fired ten rifle shots from the garden against the royal palace today in an admitted attempt to assassinate King Haakon. The balls smashed the windows and struck the inside walls. Members of the royal family are away. The guards captured the men who still had fifty cartridges.

FINED FOR ASSAULT. Ed Adams and Frank Zerwis were this morning fined \$9.05 each for assault and battery in Andy Gilbertson's saloon, in county court by Judge John E. Johnson.

VIOLA RESIDENTS FLEE FROM FLOOD

ICE AGAINST BRIDGE FORMS PERFECT DAM

WATER BACKS INTO VILLAGE

Workmen Timorous of Free Use of Dynamite, but Jam Is Broken Sunday after Two Days' Work

VIROQUA, Wis., March 10.—(Special.)—Viola was the center of a flood Saturday and Sunday which greatly inconvenienced residents of that village when the ice in the Kickapoo river piled up against the railroad bridge in the southern part of the village. The track passes west of Viola and the land to the east, upon which the village is located, is much higher. The jammed ice formed a perfect dam, backing the waters of the river up to the village and compelling some of the residents to move because of the water in the first floors of their homes.

Dynamite was used Saturday, but with small effect, as the workmen feared to use it in large quantities owing to the bridge.

The wagon road was flooded so that travel was impossible. The Viola stage driver was the only one to make passage. He attached the mail sacks to one of his horses on Saturday and forded the stream, going through with the mail. The dynamiting was continued, however, and by Sunday the jam was broken, allowing the waters to subside.

William Wolfe, town chairman, reports that the abattoir road has been repaired and is again open to travel. The floods cut through the road near H. Goddard's farm, and the road has been closed owing to this break for three days.

"AD" OFFERS \$50,000 FOR RETURN OF WAD OF \$1000 NOTES

BOSTON, Mass., March 10.—The morning papers have an advertisement offering a reward of \$50,000 for the return of a package of thousands and dollar notes alleged to have been lost on the streets. It is declared the advertisement is bonafide.

COPS ARREST EACH OTHER IN ST. LOUIS

ST. LOUIS, March 10.—Special Policeman Viehle, in citizen's clothing, was riding on the rear platform of a street car today calmly smoking a cigar when suddenly a stranger seized him by the arm and exclaimed, "You're under arrest."

"What for?" asked Viehle, glowering at the stranger in surprise. "You just spit on the platform. I'm Special Officer Campbell of the health department."

Officer Campbell dragged Viehle from the car to call a patrol wagon. On the sidewalk Viehle clapped his hand on Campbell. "You are under arrest," he declared. "You just spat on the sidewalk and I'm a special police officer."

Each thereupon seized hold of the other and together they marched to a police station. Each booked the other before Lieut. Hickman. He allowed each prisoner to go after an admonition to report to Chief Creecy.

ENGLAND SAVES ORIENTAL WAR

INTERCEDES TO PREVENT HOSTILITIES OF CHINA

MORE TIME GIVEN PEKIN

Japanese Note Extends Time in Which to Answer Two Days Longer

PEKIN, March 10.—Minister Hayashi has given Chinese Counselor Yuan Shi Kai two days more to answer or surrender the Tatsu as demanded. China is anxious to prevent hostilities and at the same time to stop the shipment of arms to the rebels.

LONDON, March 10.—The prospects of a China-Japanese war seem to have been removed by the friendly intervention of England. The government has felt that the humiliation of China in a matter in which she may be more than half right would be an unpleasant international spectacle, even if by submission the disaster of war should be averted. Hence diplomatic steps were taken to secure the consent of Japan to act moderately in the affair.

Great care was taken by the English government not to offend the Tokio government, the mere intimation having passed that war would be unpleasant to England. Japan, unwilling to offend England because of the advantageous treaty relations between the two countries, is said to have yielded the point gracefully.

A WOMAN'S TONGUE IS RESPONSIBLE FOR INTERNATIONAL ROW

LONDON, March 10.—Lord Tweedmouth admits that he told of the Kaiser's letter, confidentially, to the women of his family. Others were told confidentially by them till the rumor reached The Times, thus accounting for the stories printed concerning the correspondence about naval estimates.

Esher Good "Drain Pipe Man." The character of Emperor William's letter is now generally understood. The spiciest passage is believed to be the reference to Lord Esher—that he had better occupy himself with drain pipes and keep his hands off the navy.

Lord Esher was engaged in improving the drainage system of Windsor castle when Emperor William was there recently. An amusing feature of the affair is that all the sensational newspapers of London are lecturing the Times for its sensationalism in exploiting the story.

Eddie Is Sorry. BERLIN, March 10.—The Kaiser has received a letter from King Edward expressing regret at the commotion caused by the publication of the Lord Tweedmouth incident. The Times is censured severely by the king.

CONVICTS MUTINY.

PONTIAC, Ill., March 10.—Seven hundred desperate and mutinous prisoners in the state penitentiary made a fierce assault on the guards and attempted to scale a defective wall. They were finally subdued by heroic work of the handful of guards after a fight lasting more than an hour.

CASTRO'S SINS IN CONGRESS

WASHINGTON, March 10.—The country will probably know what action the president proposes to take against Venezuela before the present week ends. Friends of the administration predict that when the correspondence gets into the hands of senators and becomes public the senate will authorize the sending of an expedition to Caracas.

MOTHER OF MRS. KURTENACKER DEAD

VENERABLE WOMAN WAS MORE THAN 85 YEARS OLD

HUSBAND A FAMOUS ACTOR

Mrs. Pfeiffer Also Had Leading Role With Distinguished Husband—Funeral Thursday

Mrs. Margaretha Pfeiffer, one of the well known older residents of La Crosse, died this morning at the home of her daughter, Mrs. Karl Kurtenacker, 823 West avenue south, at the age of 85 years 10 months and 21 days.

Mrs. Pfeiffer was born in Hesse-Darmstadt, Germany, April 17, 1822, and was married to Alexander Pfeiffer on April 18, 1840. They came to the United States in 1851 and her husband was one of the foremost German actors in this country, playing all of the larger cities, New York, Chicago, Cincinnati and others. Mrs. Pfeiffer came to La Crosse in April, 1880, and has since made her home with Mrs. Kurtenacker.

Mrs. Pfeiffer herself took one of the leading roles with her husband, but left the stage upon his demise in 1866.

Surviving her are four daughters and one son: Mrs. Ludonice Franz Mueller of Davenport, Mrs. Malvina Von Muech of Carthage, Mo., Mrs. William Kuenmuel of St. Louis, Mrs. Karl Kurtenacker of this city, and Gustave Pfeiffer of St. Louis. A large number of grandchildren also survive.

The funeral will be held from the Kurtenacker residence Thursday afternoon at 3 o'clock, Rev. Andreas officiating.

HITCHCOCK IS ON HIS TRIAL TODAY

NEW YORK, March 10.—The trial of Raymond Hitchcock, the comedian, who is accused of abusing three little girls, was begun this morning. Hitchcock's wife was excluded from the court room, but will be called to testify. A special panel of one hundred men was summoned.

FIRE CHIEF HURT

PITTSBURG, March 10.—Nine persons were injured, among them Fire Chief Cronin, in a three hundred thousand dollar blaze this morning which destroyed the largest business block in Wilkensburg, a fashionable suburb. The chief fell into the basement.

WEATHER FORECAST

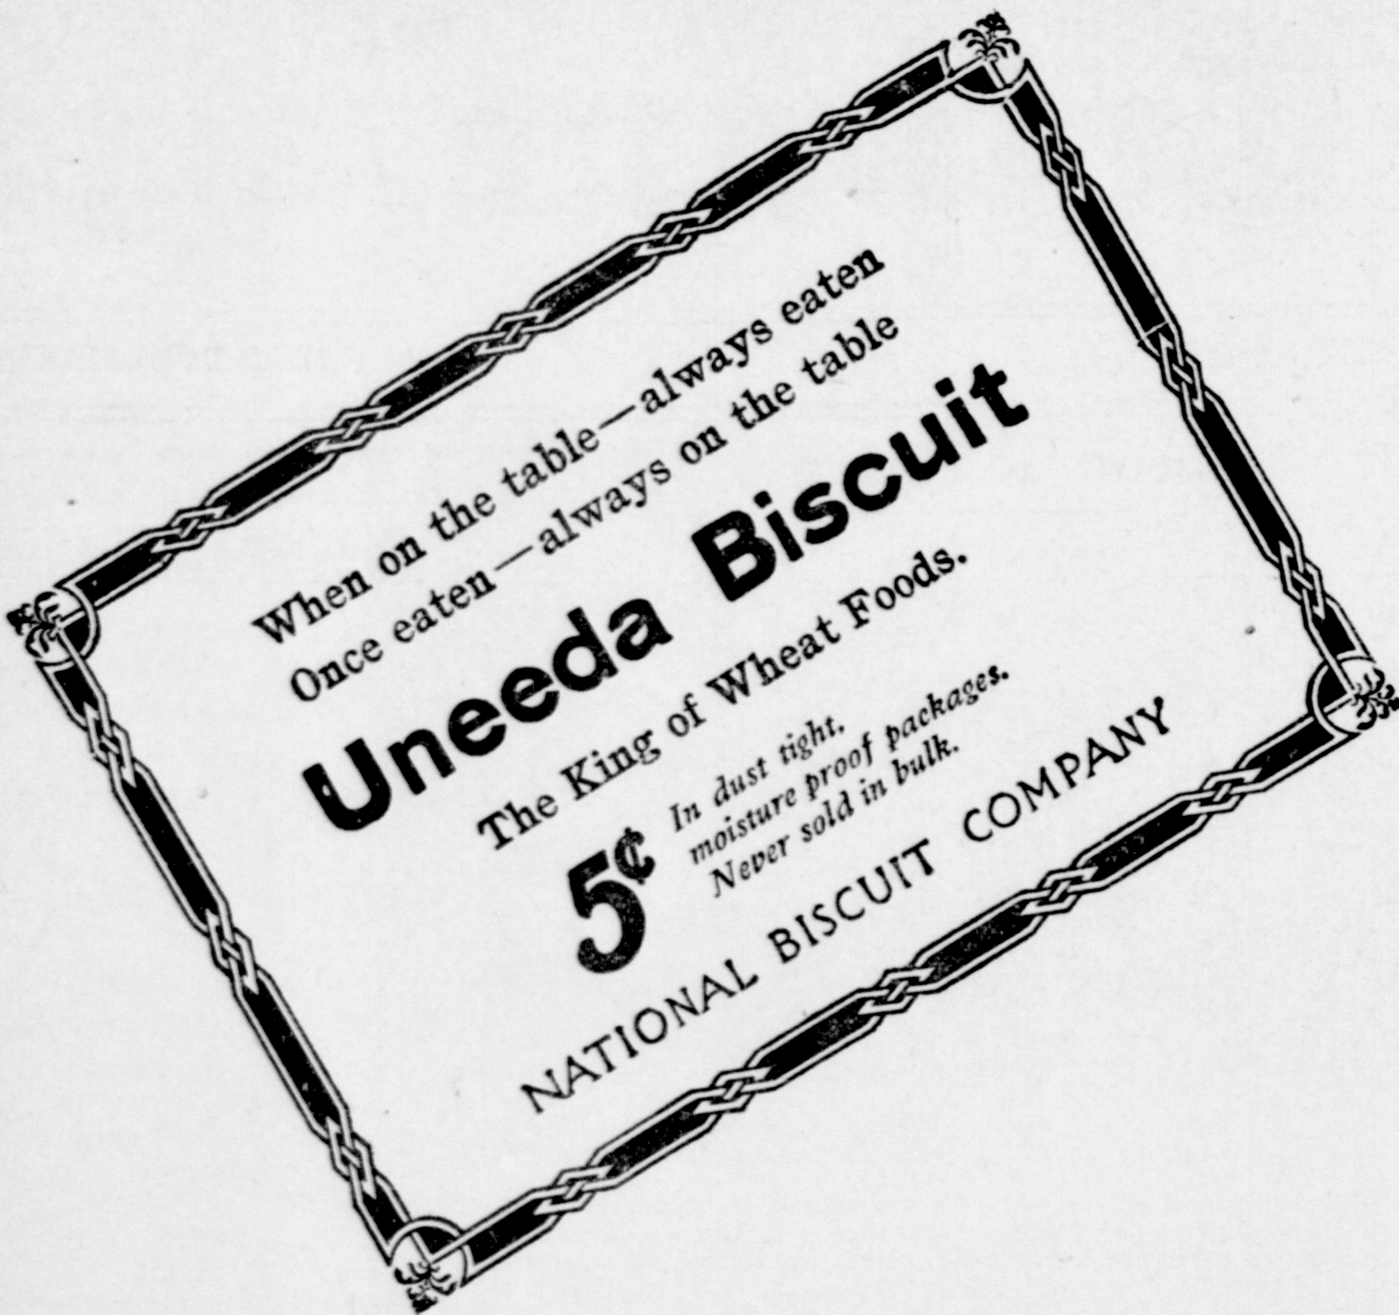

Coldest, 26; warmest, 40; wind, 8 miles; precipitation, none. Eight below at Northfield and 78 at Los Angeles were the extremes of temperature.

Forecast today:

Wisconsin—Fair tonight and Wednesday, rising temperature. Minnesota—Fair tonight and Wednesday, warmer north portion. Iowa—Fair tonight and Wednesday, moderate temperature. Weather Conditions

The high shown on yesterday's chart has not changed much in position but has increased in strength in the Atlantic states. This has caused rain in the gulf and Atlantic states, with lower temperature and generally clear and pleasant weather throughout the rest of the country. The low is developing slowly in the Canadian northwest and the temperature has risen in the northern states from the upper lakes to the north Pacific coast. These conditions favor continued fair weather in this section tonight and Wednesday, with somewhat higher temperature. Rain continues this morning at a few southern stations from Texas to northern Florida. The lowest temperature reported is 2 degrees below zero in northern Vermont. In northern Montana it was 42 degrees and in the adjacent

FINAL BATTLE GOES TO MADISON

CHICAGO, March 10.—Wisconsin and Chicago will settle the basketball championship of the Western Intercollegiate Basketball league Thursday night at Madison. The question of the place was decided last night by the flip of a coin with the aid of the long-distance telephone. Dr. Raycroft of the maroons guessed "heads" when a coin was flipped at Madison, and it was "tails." Merriam, the maroon quarter-back, who has been studying at Madison and Dr. C. P. Hutchins of Wisconsin handled the coin.

The winner of Thursday night's game will play the University of Pennsylvania five for the national intercollegiate title. The date of the game has not been decided.

TROUBLE BREWING IN THREE I LEAGUE

DUBUQUE, IA., March 10.—A warm time, including a fight for the presidency of the Three I league, is in sight when the adjourned annual meeting of that organization is held in Chicago on Wednesday. This is the outcome of the efforts to oust Dubuque from the circuit, in which President Holland has been active and which was defeated by the decision of Judge Remsey of Rock Island and by his refusal to dissolve the injunction restraining the league officials from dropping the city. President Holland now is chiefly concerned with holding his present position. As it looks now Springfield, Bloomington, Decatur, and Cedar Rapids will be with Holland. Dubuque, Clinton, Rock Island and Peoria are opposed to him. Judge Fox of Rock Island is mentioned as a receptive candidate for the head of the league, although other names may be mentioned when the magnates get together.

SPORTING BRIEFS.

David Waldo, a noted turfman, was found dead at Kansas City as a result of a runaway accident.

The Duluth ski tournament has been postponed and will not take place until next Sunday.

Peter Lister, first baseman for Cleveland, has accepted a contract with the Toledo club.

The New York Nationals defeated the Dallas, Texas, team Sunday 6 to 1.

Inclement weather prevented the game between the Boston Americans and the Detroit club at Hot Springs, Sunday.

Manager Jones has joined the Sox team at Los Angeles.

Jim Jefferson has signified his intention to become a promoter. He will erect an arena near Los Angeles.

The American car in the New York to Paris auto race was last reported at Cheyenne, Wyo.

Coach Yost has arrived at Ann Arbor and outlined the work for the squad for the season.

HIGH SCHOOL WILL HAVE PICK OF ABLE TRAINERS

ONE ASKS \$1,000 AS SALARY

City Engineer Is Now Laying Out the Athletic Field and Grading Will Start at Early Date

Captain Nathaniel Tourtellotte of the High school football team has received many replies from the coaches he wrote to some time ago and is satisfied that he can have his pick of the best. Some of them are rather high in their demands, too high for the slim finances of the athletic association but if necessary more money can be raised for the purpose. A letter was received yesterday from an old Dartmouth man whose name is very reasonable and Captain Tourtellotte thinks that he is the best heard from yet. One prominent coach answered soon after he was written to and demanded the sum of \$1,000 for a season, but this was altogether too high a price for the A. A. to consider. There are still a number of men who were written to, but have not yet replied.

Work of Grading Field.
The work of grading the High school athletic field will be begun soon and it will not be long before the field is in good condition for the spring athletics. City Surveyor Bradish is at work laying off the field into track, baseball diamond and courts and the work of leveling will be begun as soon as he has finished.

LEAGUE MAY PLAY IN MILWAUKEE

ARRANGEMENTS TO BE MADE AT TOMORROW'S MEETING

EAU CLAIRE TO SELL TEAM

Duluth Quits Northern, Forcing Eau Claire Out, and Players Will Be Sold to Fargo

It was because some of the directors of the Wisconsin-Illinois league could not be present for the meeting scheduled for this afternoon at Milwaukee that President Charles F. Moll yesterday notified the officials that the meeting is postponed one day. A number of important questions are to come up for consideration, among the most important probably being the question of whether the league will play some of its games in Milwaukee this season, and the adoption of the schedule.

The state leaguers are desirous of transferring some of the contests to Athletic park in Milwaukee, in the days when the Milwaukee team of the American association is on the road. If a majority of the directors vote in favor of the proposition, President Moll says that he would make another application to the A. A. for the use of the park. Mr. Moll is of the opinion that the association will grant the request, should it be made.

Season Opens May 7.
It is understood that the schedule is practically arranged. The season probably will start on May 7 and close on Sept. 13.

Other subjects to be considered by the state league magnates concern the Eau Claire-Rockford case, and the question of guarantees. The Eau Claire owners undoubtedly will formally transfer their franchise to Rockford.

Eau Claire Out in Cold.
A dispatch from Fargo, N. D., says:

"The Northern league will be composed of four clubs, Fargo, Duluth, Winnipeg and Brandon. This was decided upon at a meeting of baseball magnates held in this city Sunday. Ted Sullivan of Superior, Wis., wired President Lamb that owing to street car facilities Superior would not be represented in the league, and consequently Eau Claire was dropped out."

"The meeting here was attended by President J. M. Lamb of Winnipeg, W. J. Price and Matt Camitsch of Fargo and a representative of the Brandon club. The meeting was held at the Waldorf hotel, and it was decided to open the season on May 14 and close on Labor day. President Lamb will announce a schedule in about a week."

Matt Camitsch left Fargo Sunday night for Eau Claire to purchase that city's team for Fargo. Negotiations have been held for the last ten days. Every prospect is for a lively league."

President Elliott of the local association says that as far as he can see, the agreement of the Wisconsin league with Eau Claire gives them players and territory, and that their selling of their team to Fargo cannot be disputed or interfered with by the Badger organization.

New Deals.
A number of deals affecting Wisconsin-Illinois league players are recorded in the latest bulletin issued by Secretary Farrell as follows:

No Use to Die.
"I have found out that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White, of Rushboro, Pa. "I would not be alive today only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung disease even after the case is pronounced hopeless." This most reliable remedy for coughs and colds, la grippe, asthma, bronchitis and hoarseness, is sold under guarantee at O. T. Erhart's drug store. 50c and \$1.00. Trial bottle free.

NEW SCORING PLAN AN AID TO BATTER

La Crosse league baseball players are much interested in the new rule promulgated whereby the scorers are to give a sacrifice hit to a batter who hits a fly ball into the field on which a runner may score on the putout. The rule will save many cuss words in the course of a season, and will also save fibs and possibly be the

means of winning many more games. There are a whole lot of minor league players who will, with a man on third, try his best to drive out a long fly and thereby send in what might mean the winning run in a game, and the batter instead of being given a putout will be given a sacrifice hit in addition, which will help much in his batting average.

In many a game the batter has failed to make the long fly hit on account of the certainty of a putout and thus reduce his chances for a good batting average. Instead of trying for the long fly hit the batter has tried to play a safe one and in many cases this has failed where the other hit would have meant much to the team.

In the larger leagues, where the batters are called on to make certain hits the new scoring will not make as much difference, but in the minors where the players are looking more for batting averages than anything else it is expected to make a considerable difference.

Under this rule there will be no reason for a batter shirking his duty. The rule has been agitated for some time and it has been said it was queer why it was not put on the books. The players should have called for this for it certainly will be for their benefit.

Under the new method of scoring the work of the scorekeeper will be added to, but the results for the players will be enough more satisfactory to pay for the extra work.

TO PREVENT THE GRIP. LAXATIVE BROMO QUININE removes the cause. To get the genuine call for full name and look for signature of E. W. Grove. 25c.

ITALIAN AUTO DISABLED.

OMAHA, Neb., March 10.—The Italian car in the New York to Paris race is detained here for repairs and will not leave for the west until today. A telephone message from Omaha, Ia., says that the French car No. 1 arrived there last night and will remain until tomorrow. A dispatch from Rochelle, Ill., says that the German machine and the French car No. 2 have entered that town and will remain overnight.

Even the winter girl can't say she doesn't care a wrap for cold weather.

THE TELEPHONE AS A BUSINESS

The question of prices to be charged for telephone service is agitating hundreds of independent companies throughout the United States just now. With copper and other necessities retreating at very high prices profitable operation at the low rates offered some years ago has become virtually impossible. The original charges were wrongly based. Such companies as the Wisconsin Telephone Company have been less disturbed, though, of course, also somewhat affected by present prices of materials. But the Bell company of this state has all along insisted that a public service corporation is entitled to receive prices which will enable it to keep its plant in good working order, in order to maintain service of high efficiency, and to pay a fair return upon capital invested. This it believes is a prerequisite to selling satisfactory service. A telephone company, on its side, both for motives of self-interest and because of the duty which it owes its patrons, must treat the public with courtesy and consideration.

WAS BAILEY HASTY?

Senator Bailey, of Texas—the man
who was “attorney” for the Stand-
ard Oil branch in that state—told
the senate yesterday that President
Roosevelt is “a mixture of good and
bad.” That is where Senator Bailey
differs from the president, if we may
believe most of the good people of
Texas. They do not charge that in
the Bailey mixture there is any such
ingredient as “good.”

“Before we have finished praising
him (the president) for a wise rec-
ommendation,” continued the sen-
ator from Texas, “he makes another
so foolish that the praise turns to
censure.” One of the recommenda-
tions of the president was about the
proper disposition of “undesirable citi-
zens,” and so far as Senator Bailey
is concerned, it has not been
made effective. He is a nice man to
arraign a citizen like Theodore
Roosevelt, this Bailey. He is one
of the class of enemies for the mak-
ing of which the public loves
“Teddy.”

But Senator Bailey settled one
matter in his speech yesterday. He
dissolved the last doubt by declar-
ing that Roosevelt was not respon-
sible for the recent panic. Up to the
time of his utterance on the subject,
most people had believed the presi-
dent to blame. Bailey, however,
may have spoken hastily, and with-
out the care to consult Standard Oil.
He should have first read the book
which the to-be impeached Chan-
celor Day is said to have written at the
behest of Rockefeller, “A Raid on
Prosperity.” The public will not be
inclined to hold the Texan respon-
sible for ill considered utterances, and
if on reading what it is said Jawn
caused Day to write, he should
change his mind, it will be prepared
to accept his revised judgment that
the president was responsible for the
panic, with all the gravity with
which it receives the most studied
and serious pronouncements of Sen-
ator Bailey.

A FOOLISH KING.

Today King Alfonso, of Spain, is
risking his life in his kingdom's kin-
dergarten of anarchy, Barcelona,
just to show he dares. His pride
would not permit him to change
plans made prior to the outbreak of
an assassination, and despite the plead-
ings of other monarchs, he is having
his way.

It would have been the part of
common sense for the king to have
listened to advice in this matter. He
is not adding to the sum total of hu-
man happiness by thus engaging in
a perilous undertaking having for its
object nothing of real concern to

his subjects. By his daredeviltry he
is putting himself in the position of
the fellow who rocks the boat. If he
is slain, there will be a million “I
told you so’s.” If he escapes, his es-
capade will not have added to his re-
nown, nor to the respect and esteem
of his peers. The man who takes
long chances with nothing to gain
and everything to lose displays no
real courage, and invites the pre-
sumption that he lacks intelligence.

ROBBING THE SHOP GIRLS.

There is a large percentage of the
public which is not in deep sympathy
with the three cent fare movement,
because it can afford to pay five
cents. These people honestly prefer
to pay five cents and get excellent
service, rather than pay three cents
and get the necessarily less efficient
service. Not that, in some of the big
cities, a three cent fare is incom-
patible with adequacy of equipment,
but that there are cases, like that of
La Crosse, wherein to establish a
lesser fare would of necessity mean
loss of efficiency.

But there are others who are deeply
concerned with the establishment
of a lower fare. In Charles Edward
Russell's contribution, “Where Did
You Get It, Gentlemen?” running in
Everybody's, that author points out
the wrong that exists in our great
cities where the traction companies
have watered their stocks some hun-
dreds per cent, and in order to col-
lect dividends on this fictitious cap-
italization, are charging five cents,
although three cents would mean a
handsome return on their actual in-
vestment. Thus Mr. Russell pictures
the importance of the problem to
girls who work for small wages:

“Take one of those shop-girls that
go to work early in the morning, and
come home after six o'clock at night.
It is of very great importance to her
that of the \$5 or \$6 that she earns
by a week of toil the street-car com-
pany takes twenty-four cents to pay
for the water in its stocks. When
she has paid her board and put aside
something for her clothing, twenty-
four cents is to her an important
sum. It is of very great importance
to her that for every thousand feet
of gas consumed where she lives, her
landlady must pay fifty cents for the
water in the gas stocks; the landlady
only passes the charge (with interest)
to the tenants. It is of very
grave importance to this shop-girl
that after a day of hard toil at her
employment she must stand upon her
feet for perhaps an hour and be
crushed and crowded and subjected
to the grossest indignity in the hide-
ous and unutterable conditions that
we tolerate in our public convey-
ances. It is of very grave importance
to her; you cannot easily dodge the
conviction that it is of grave impor-
tance to the rest of society.”

“From these burdens thus laid
upon her she has no escape. She
must do her work, and she cannot
walk, for on her earnings she can
live only at a great distance from her
employment; she must report for
duty at eight o'clock, she must re-
main until five or six, she must
travel when the traveling crowd is
greatest, when the jostling and jam-
ming are most intolerable. She is,
therefore, the bound and helpless
victim of this system, and straight
from her little earnings and the earn-
ings of her kind comes the enforced
tribute that renders possible the
“capitalizing of the earning power”
and all the other pleasant devices of
high finance.”

At the conclusion of the above
paragraph Mr. Russell asks, “What
do you think of it?” What DO you
think of it?

There will be as much glory as
success in the attempt of Stalwarts
in this state to elect Taft delegates,
and there is not in the movement
anything upon which Mr. Taft can
justify self congratulations. These
men who are back of the move are
not for Taft. Foraker would be their
only choice, or Fairbanks, or Joe
Cannon. They are for Taft just now
because they are for anybody against
Bob, and they realize that Taft is
the only man to elect delegates for
whom in Wisconsin there is a fight-
ing chance. In justice to the big
secretary we are impelled to say
that it is hardly believable that he
is a party to this political raid of the
Wisconsin reactionaries. However,
it matters little whether he is or is not
in sympathy with it. He will have
just as many delegates in the nation-
al convention as he would have had
no stalwart program been un-
dertaken.

President Castro is in a good way
to appreciate the experience of the
man who interferes with the fellow
whom he finds beating his wife. Un-
cle Sam may drub his own trusts,
but he don't propose that a rank out-
sider shall do it.

“In politics, I presume it is al-
ways well to saw wood and say
nothing.”

“Not always. Sometimes the peo-
ple send a man to congress to get rid
of his gab.”—Washington Herald.

SPOTLIGHTS

AT THE BIJOU

Once more the program undergoes
a change at the Bijou, and interest-
ed audiences are in evidence at all
the performances.

The numbers of the weekly bill are
good. Mr. McNulty, ventriloquist, is
very good in his line and imperson-
ates characters excellently. It is un-
fortunate that Mr. McNulty follows
on a turn of the same order which was
on last week's program, neverthe-
less his turn pleases. The Bachelor
Sisters, “singing violinists,” are a
fascinating duo of young ladies who
sing well. The turn is made a little
tedious, though, the songs being too
long. Their dancing is good and a
little more of it would add much to
the turn. Harrison King, “enter-
tainer,” gives a turn which is not
very good just at first, but which
improves toward the last. His recita-
tion is done well and leaves a good
impression.

Mr. and Mrs. Harold Kelley in
their comedy masterpiece, “The
Thoroughbred,” have a most inter-
esting sketch and a fairly logical one,
which seems to be a rare quality in
vaudeville farces. If Mrs. Kelley
didn't rant quite so much, she would
give a much better picture of gen-
uine rage, which she evidently wishes to
do. The whole turn is interesting,
however, their repartee is clever and
the dog is a beauty.

Milton Kerr sings “There is No
Time Like the Night Time to Spoon,”
a ditty with pretty slides, and the
moving pictures this week are one
of those fantastic French films which
abound in magic and beautiful col-
ors.

Ezra Kendall Tonight.

Never has George Ade's wit flash-
ed more brilliantly nor his lines been
funnier than they are in his new
comedy in three certified checks on
the Bank of Laughter, “The Land
of Dollars.” In which Ezra Kendall
will be seen here tonight at the La
Crosse theater, under the manage-
ment of the Harry Askin Co.

For instance, he says:
“Who's running this hotel?”
“Well,” answers one of the char-
acters, “old man Higgins owns it,
but the boarders run it.”
Another laugh provoking remark
by Mr. Kendall is:
“Oh, dear—I've got the hardest job
on earth—I'm trying to be a good
fellow without being arrested.”

Another line of his is:
“We don't expect anything in
New Boston, and it generally turns
out that way.”

Mr. Kendall as Ben Gridley goes
fishing in the first act, but comes
back without visible results of his
trip.

“Didn't you catch anything?”
asks Officer Perkins.

“Yes,” answers Gridley, “but they
didn't fit. We caught two carpet
slippers and a celluloid collar, but
we threw 'em back.”

Mr. Kendall is introducing one of
his relations, and says:
“He's hard to do, and well to do,
and that is why he's hard to do.”

Farmer Higgins, who runs the
Look out Inn, says:
“No use talkin', lawyers certainly
is the meanest men in the world.”

Gridley's niece resents his intro-
ducing her to the housekeeper
of the Look out Inn, and he turns upon
her indignantly.

“You!” he exclaims. “Why, the
first time I saw you, you were work-
ing in a lunch counter brushing flies
off a cream puff.”

“In Atlantic City,” says Gridley,
“people don't think. They just run
wild until they come to in a Turkish
bath.”

More Fruitful Than Pines.

“Has your courtship borne fruit?”

“Yes, but not to my liking.”

“How so?”

“I proposed to her that we make
a pair, but she handed me a lem-
on.”—Nashville American.

What Ails You?

Do you feel weak, tired, despondent,
have frequent headaches, coated tongue,
bitter or bad taste in morning, “heart-
burn,” belching of gas, acid risings in
throat after eating, stomach gnaw or
burn, foul breath, dizzy spells, poor or
variable appetite, nausea at times and
kindred symptoms?

If you have any considerable number of
the above symptoms you are suffering
from biliousness, torpid liver with indig-
estion, or dyspepsia. Dr. Pierce's Golden
Medical Discovery is made up of the most
valuable medicinal principles known to
medical science for the permanent cure of
such abnormal conditions. It is a most
efficient liver invigorator, stomach tonic,
bowel regulator and nerve strengthener.
The “Golden Medical Discovery” is not a
patent medicine or secret nostrum, a
full list of its ingredients being printed
on its bottle-wrapper and attested under
oath. A glance at its formula will show
that it contains no alcohol, or harmful
habit-forming drugs. It is a fluid extract
made with pure, triple-refined glycerine
of proper strength, from the roots of the
following native American forest plants,
viz., Golden Seal root, Stone root, Black
Cherry bark, Queen's root, Bloodroot, and
Mandrake root.

The following leading medical authorities,
among a host of others, extol the foregoing
roots for the cure of just such ailments as the
above symptoms indicate: Prof. R. Bartholow,
M. D., of Jefferson Med. College, Phila.; Prof.
H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin
M. Hale, M. D., of Hahnemann Med. College,
Chicago; Prof. John King, M. D., Author of
American Dispensary; Prof. Jno. M. Scudder,
M. D., Author of Specific Medicines; Prof.
Laurence Johnson, M. D., Med. Dept. Univ. of
N. Y.; Prof. Finley Ellingwood, M. D., Author
of Materia Medica and Prof. in Bennett Med-
ical College, Chicago. Send name and ad-
dress on Postal Card to Dr. R. V. Pierce, Buf-
falo, N. Y., and receive free booklet giving
extracts from writings of all the above medi-
cal authors and many others endorsing in the
strongest possible terms, each and every in-
gredient of which “Golden Medical Discovery”
is composed.

Dr. Pierce's Pleasant Pellets regulate and
invigorate stomach, liver and bowels. They
may be used in conjunction with “Golden
Medical Discovery” if bowels are much con-
stipated. They're tiny and sugar-coated.

BEWARE OF
THE BACKACHE

More people succumb each year to
some form of kidney trouble than
any other cause. The slightest form
of kidney derangement often devel-
ops into Bright's kidney disease, dia-
betes or “crops.” When either of
these diseases is suspected the best
medical attention possible. Consult
only a good, first class physician,
leave patent medicines alone.

There are many of the lesser sym-
ptoms of kidney trouble which can be
treated at home is stated by a well
known authority. For some of these,
such as backache, pain in the region
of the kidneys, weak bladder, fre-
quency, (especially at night) painful
scalding and other urinary troubles,
try the following simple home reme-
dy: Fluid Extract Dandelion one
half ounce, Compound Kargon one
ounce, Compound Syrup Sarsaparilla,
three ounces. These simple ingre-
dients are harmless and can be ob-
tained at any good prescription phar-
macy and anyone can mix them by
shaking well in a bottle. The dose
for adults is a teaspoonful after each
meal and again at bedtime.

There is no better general remedy
known to relieve all forms of rheuma-
tism either, because it acts directly
upon the kidneys and blood. It
cleans the clogged up pores in the
kidneys so they can filter and strain
from the blood the poisonous uric
acid and waste matter which if not
eliminated remain in the blood, de-
composes and settle about the joints
and muscular tissues causing the un-
told suffering and deformity of rheu-
matism.

Backache is nature's signal notifi-
ying the sufferer that the kidneys
are not acting properly. “Take care
of your kidneys,” is now the physi-
cian's advice to his patients.

FASHION HINTS

By MAY MANTON

5932 Fancy Waist, 32 to 40 bust.

Everything that gives the short
waist line and the consequent Em-
pire suggestion is greatly in vogue
just now and this blouse is one of
the prettiest yet to have appeared.
It includes a garment which can be
made from flannel or from all-over lace,
as in this instance, or from contrast-
ing material embroidered or braided
with soutache or, indeed, from al-
most anything that fancy may dic-
tate. The little trimming of balls is
an effective one and greatly in vogue
but that finish also is optional, for
the blouse itself is adapted to all the
thinner, fashionable fabrics which
can be tucked and plaited so success-
fully. The sleeves are novel and dis-
tinctive and the blouse is altogether
one of exceptional charm. It is
made with a lining and the girle is
attached to it so that the entire gar-
ment is closed invisibly at the back.
The waist consists of the founda-
tion lining, the blouse and sleeve
portions, cut in one, and the garni-
ture. The chemisette is faced onto
the lining and when a transparent ef-
fect is desired this last is cut away
beneath. The sleeve linings, too,
are faced to form the cuffs but the
lining can be of chiffon or other
transparent material when something
very dainty is desired. The pretty
shaped collar finishes the neck of
the blouse and the roll-over cuffs
complete the lower edges of the
sleeves. The draped girle is arrang-
ed over the lower part of the lining.
The quantity of material required
for the medium size is 2 3/4 yards 21-
2 3/4 yards 27 or 1 3/4 yards 44 inches
wide with 3/4 yard any width for the
garniture, 1/2 yard of all-over lace for
chemisette and cuffs, 1 3/4 yards of
silk for girle and trimming.

The pattern 5932 is cut in sizes for
a 32, 34, 36, 38 and 40 inch bust
measure and will be mailed to any
address by the Fashion Department
of this paper on receipt of ten cents.
(If in haste send an additional two-
cent stamp for letter postage, which
insures more prompt delivery.)

The jailing of a few jurors for
neglect to satisfy the demands of
safety in school buildings under their
charge may not do harm, but such
peril to children cannot fairly be
charged to these menials. The men
higher up—school board members,
building inspectors—men who have
intellectual responsibility, are the
ones at fault. However, it isn't popu-
lar to condemn men in high places,
and somebody has to be the “goat.”

An Unfortunate Reminder.

William Jones, the famous phy-
siologist of Harvard, said at a dinner
in Boston:
“An odor often recalls to us a
childhood scene. A voice brings
back memories that we had thought
buried forever. As we regard some
strange landscape, it often seems to
us that we have been just here be-
fore. The oddest, the most momen-
taneous associations oftentimes attach
themselves to the most trifling things.”
“Thus, at a Thanksgiving dinner
that I once attended, the hostess said
to a sour-faced man on my left:
“May I help you to some of the
boiled rice, Mr. Smith?”
“Rice? No, thank you; no rice for
me,” Smith answered vehemently. “It
is associated with the worst mistake
of my life.”

Time and Motion.

A traveler, finding that he had a
couple of hours in Dublin, called a
cab and told the driver to drive him
around for two hours. At first all
went well, but when the driver be-
gan to whip up his horse so that
they narrowly escaped several colli-
sions.
“What's the matter?” demanded
the passenger. “Why are you driving
so recklessly? I'm in no hurry.”
“Ah, g'wan wid yez,” retorted the
cabby. “D'ye think I'm goin' to put
in the whole day drivin' you around
for two hours? Gitap!”—Philadel-
phia Ledger.

“An' did you ever see one er dese
‘lectric motors pick up a han-some,

“Lots o' times.”
“An' did you ever see a quiet ol'
knee-sprung white hoss pullin' a
helpless automobile to town?”
“I sho has.”
“Well, sonny, dem's all to remind

tant an' stylish you gits, dar ain't no

An Old Man's Drudge

Mrs. Belle de Rivera, president of
the Equal Suffrage league of New
York, said the other day of a certain
suffrage question:
“If we adopt that course we shall
be going from bad to worse, from
trying pan to fire.”
“In fact, we will resemble the poor
shopgirl who married the elderly
miser.”
“The girl's position after marriage
was a hard one,” and she and her
mean old husband exchanged many
bitter words.
“I only married you,” the old man
said one day, “because I pitied you
when nobody else thought anything
about you.”
“She looked up from the washtub
wearily.
“Ah, well, Timothy,” she said,
“everybody pities me now.”—New
York Times.

“What makes you think she is un-
cultured?”
“She thinks Ibsen's plays are stu-
pid.”
“Well, a lot of people think so.”
“Yes, but she says so.”—Cleveland

PEOPLE WHO ARE SICK AND UNHAPPY

If you are tired of taking medicine, and if your
doctors discourage you, see the Japanese Chiroprac-
tor. Both physicians and laymen say he is
“quack,” but you must not depend too much upon
their judgment. Men are liable to fail in their judg-
ment, and if you want to know for certain if the Jap
is really quack, you had better see him personally
and find out for your own satisfaction whether or
not he is fakir. At any rate, hundreds have been
made well by the application of Chiropractic prin-
ciples. If you have trouble of body, not of soul, no
matter what, see him at once. Never mind what oth-
ers say; they cannot relieve your pain. See him be-
fore this very sun sets.

ALDERMAN STARTS AFTER GATE KEEPER

BUT JUST THEN THE CROSSING WAS CLEARED

HOLDING OF CARS ANNOYING

Councilman Joadie Comes Near to Causing Arrest of Railroad Employee for Delaying Street Car

The law on holding of railroad crossings came near being enforced Sunday night.

The car had been at one side of the crossing for an unseemingly length of time and Alderman L. W. Joadie, who chanced to be a passenger, became impatient. The alderman started out with the intention of forcing the gatekeeper to raise the gates. Whether or not he was seen coming is not known, but the switching was stopped, the gates raised and the car allowed to pass.

Alderman Joadie in speaking of the conditions at the crossing said that in his opinion it was an outrage and that something certainly ought to be done to enforce the ordinance covering the question.

"The law," said Mr. Joadie, "is very plain, all that remains to be done is to enforce it. The whole trouble lies in the fact that the city has been entirely too lenient in enforcing the ordinance."

When asked if he had any intention of presenting a petition to the council to take some action in having the law enforced he said that he had some thought of doing so but understands that Alderman Hirschelmer has a petition all ready framed up on the question but it has not as yet been presented to the council.

Frank Geisenheimer, president of the North Side Progressive league, said: "I think that if Mr. Joadie had arrested the gate tender he would have been justified."

WRECKED ENGINES BROUGHT TO CITY

The wrecking outfit which was busy for two days at Victory, the scene of the recent wreck, returned today and brought with them the two engines which were damaged. Engine 1919, the one Engineer Marvin and Fireman Semmingson were in, is almost completely demolished and will be taken to Aurora for repairs. The other engine No. 1921 is not so badly damaged, but will also have to undergo extensive repairs.

Visit Injured Friends.

Brakeman Boyle, who was one of the first to see Fireman Semmingson after he was injured, and believed him to be more seriously hurt, called upon him at the La Crosse hospital yesterday afternoon. Engineer Marvin who has some difficulty in getting around, was also visiting the injured fireman who is resting easily and has already expressed the wish that he be removed to his home next week.

Fill Ice House.

Work has now been started in filling the Burlington ice house at Grand Crossing with ice from Lake Pepin. All the ice which was taken from Black river was shipped south.

Small Wreck.

Passenger train No. 49 was about two hours late this morning on account of a small wreck on the east end. The accident was caused by the derailing of a car. No one was injured.

BRAKEMAN BENJ. HALVORSEN LUCKY

Further details of the wreck south of here on the Burlington last week in which the firemen and engineer were injured, developed further remarkable incidents. Brakeman Ben Halvorsen living at 1603 Kane street, was in the engine with Engineer Marvin at the time of the accident, but strangely did not receive any injury whatever. He helped to extricate the injured engineer from the crushed cab after the accident.

J. Edward Dullea entertained nineteen of his little friends, Saturday, March 7, in honor of his ninth birthday. They spent the afternoon in playing games and other amusements. At 5 p. m. supper was served to the little guests. Those present were Thomas Murphy, Leo Larkin, Wallace Miller, Joseph Boyle, John Donovan, Elmer Miller, Lester O'Neal, James Dayton, Cyril O'Neil, John Schneider, Russell Simonson, Ray Dunham, Raymond Dwyer, Joseph Dunham, Loyd Simonson, Larkin Dullea, Donald Dunham, Marquette Dullea and Edward Dullea.

MEET TO PREPARE FOR ENTERTAINMENT

A meeting was held last evening in the St. James school room by

Let Your People Decide

Serve one dish of home-baked beans and one dish of Van Camp's. Then let your folks decide which kind they'll have next. And be glad of their choice. For you don't want to bother with home cooking—do you?—if your people like our methods best.

Here is an ideal kitchen, fitted with every facility. In charge of a chef whose main purpose in life is to create one perfect dish.

At stake on that dish is our reputation, established for 47 years. And a sale of tens of millions of cans every year depends on how people like it.

May we not claim, without offense, that we can prepare that one dish better than you?

One reason is that we bake in live steam.

So we don't crisp part of the beans, as you do. We don't burst the skins. Ours are all baked alike—baked until they are mealy. Yet they are nutty because they are whole.

That is the first point your people will notice. They will never again want beans mushy and broken when they learn the nutty flavor beans have when they're whole.

Then we bake the beans, the tomato sauce and the pork all together, and get our delicious blend.

You will never be content to add the sauce as a dressing when you learn how much better it tastes if baked into the beans.

Then we heat our ovens to 245 degrees, and bake the beans ninety minutes. Most of the beans in your baking dish never get half that heat.

That's why your beans are heavy and hard to digest. That's why they ferment and form gas.

It requires a fierce heat to break down the fibre of beans. To separate the particles so the digestive juices can get to them. Your oven cannot apply it.

Beans, to be digestible, *must* be factory cooked.

It is good to know that the beans which you like best are also the best beans for you.

Van Camp's

BAKED WITH TOMATO SAUCE

PORK AND BEANS

You will never be satisfied with other brands after you know Van Camp's. That nutty flavor, that perfect blend, that tang and that zest would be missed. Once learn how good beans can be, and you will be one of the millions who insist on Van Camp's.

But the difference in beans isn't all in the cooking. There is also wide choice in materials.

The beans, for instance, are sold as low as 30 cents per bushel. Yet we pay \$2.10 for ours.

The reason is that we buy only the choicest Michigan beans. Ours are picked out by hand to give us only the whitest, the plumpest, the very cream of the crop.

We could buy tomato juice for 75 cents per barrel. Yet we pay \$3.45 for just the tomatoes used in a barrel of ours.

The difference is this: Cheap sauce is made from tomatoes picked green, and ripened in shipment. Or of scraps from a canning factory. It lacks flavor and richness and zest.

Ours is made only from whole tomatoes, ripened on the vines. They are picked when the juice fairly sparkles. Our sauce has a savor which Nature alone can give.

When you once know what our piquant tang means, you will never buy brands which lack it.

It pays to get the best in beans, for the best are cheap enough.

Suppose you can save a trifle per can, because the maker has used a cheap class of materials. You will not find them appetizing. You'll not serve them often.

How much better it is to serve beans that your people like. Then let them largely take the place of meat.

For beans and meat have about the same food value. One easily takes the place of the other.

And think of the trouble saved. Van Camp's are always ready. Each can in the pantry means a savory meal all cooked. If you want them hot, put the sealed can in hot water.

When you are tired, here's a meal without labor. When you are hurried, here's a meal without waiting. And a meal that all people like.

Consider what you will save in time, money and trouble, when your people learn about Van Camp's.

Prices: 10, 15 and 20c per can.

Van Camp Packing Company, Established 1861 Indianapolis, Indiana.

THE DOCTOR'S GIFT

Food Worth Its Weight in Gold.

We usually expect the doctor to
give us some kind of penance and
put us on better medicines.

A Penn. doctor brought a patient
something entirely different and
the results are truly interesting.

"Two years ago," writes this pa-
tient, "I was a frequent victim of
acute indigestion and biliousness, be-
ing allowed to eat very few things.
One day our family doctor brought
me a small package, saying he had
found something for me to eat at last."

"He said it was a food called
Grape-Nuts and even as its golden
color might suggest, it was worth
its weight in gold. I was sick and
tired, trying one thing after another
to no avail, but at last consented to
try this new food."

"Well! It surpassed my doctor's
fondest anticipation and every day
since then I have blessed the good
doctor and the inventor of Grape-
Nuts."

"I noticed improvement at once
and in a month's time my former
spells of indigestion had disappeared.
In two months I felt like a new man.
My brain was much clearer and
keener, my body took on the vitality
of youth, and this condition has
continued."

COMPLETE PLANS FOR A BANQUET

Local deputies Mr. and Mrs. H.
A. Lee, the Yeomen, have complet-
ed arrangements for the banquet at
the Stoddard to be given on April 21
to all old members who get a member
for the organization and also
for every applicant who in turn
succeeds in getting a new member.

Additional prizes are also offered
as the local order is trying to wrest
the banner from Minneapolis, also
increasing their membership.

Will Get Degree Thursday.

The members, 122 in number, who
were given the first degree of the
order at the last meeting will be put
"through the mill" by the degree
team next Thursday. A program
has also been prepared to be given
after the initiation. Members of
nearby homeostads will attend and
assist.

Another application shower will
be given April 9.

DIES AFTER TWO YEARS IN HOSPITAL

Thomas O'Connor, a pioneer far-
mer of Sparta, died this morning at
the St. Francis hospital after an ill-
ness of about two years with rheu-
matism.

Deceased was 80 years old and has
been confined at the St. Francis hos-
pital for the past two years.
The funeral will take place Thurs-
day at Sparta from the St. Patrick's
church. Rev. Father Flock will con-
duct the services, and interment will
take place at the Catholic cemetery
at Sparta. The body will be shipped
to Sparta this evening. Fessler and
Dahl are in charge.

Years ago I began to sell a re-

This didn't suit me, so I began to
let the public know I had it.

Today I'm selling one hundred bot-

That's the reason you see these

RUMORS OF BLOODY STICK ARE UNTRUE

NO SUCH GRUESOME EVIDENCE
IN DONEHOWER CASE

SEARCH MUST BE CONTINUED

So Say Sister and Brother of Mys-
teriously Missing Man, Even if it
Takes Their Last Dollar

TREMPEALEAU, Wis., March 10.
—(Special.)—The rumors which
have been afloat here to the effect
that a stick with blood and hair upon
it was found by the searching party
seeking the body of Elton Donehower,
who mysteriously disappeared a week
ago, are denied. It is said the ru-
mors are entirely without foundation.

Jake Donehower, brother of the
missing man, and his sister say the
body of their brother must be recov-
ered, even if it takes their last dol-
lar to accomplish the trick.

Donehower fell into the river
while intoxicated, about two weeks
before his final disappearance, but
at that time succeeded in pulling
himself out. Many residents here
believe that this was his fate, as he
had been drinking on the day on
which he started over the ice for his
home in Richmond.

WOODMEN PICNIC AT BANGOR LIKELY

TREMPEALEAU AND ONALASKA
TURN IT DOWN

DECISION TO BE MADE SOON

Celebration Will Not be Held on the
Fourth of July This Year, Ow-
ing to Counter Attractions

It now seems likely that the an-
nual picnic of the Western Wisconsin
Woodmen's Picnic association will be
held at Bangor. A delegation from
that village called upon Mr. J. B.
Murray of this city yesterday and ne-
gotiated for the celebration. The de-
cision is to be made soon.

Mr. Murray said this morning that
the picnic would not be held on July
Fourth this year, as in the past, ow-
ing to its interference with other
celebrations on that day. The date
has not yet been decided upon.

The picnic was offered to the
lodges at Trempealeau and Onalaska,
but was rejected by both of these
places, owing to the expense and
work involved.

Wednesday, March 11th, one day only, we will
sell Heavy Sterling Silver Thimbles for 8 cents
each, one to a customer. These thimbles are fully
worth four times this price. Think of buying a ster-
ling silver heavy weight thimble on Wednesday,
March 11th, for 8 cents; one that costs from 35 to
40 cents in any other store. Do not compare these
thimbles with any ever placed on a special sale be-
fore. Nothing as good has ever before been sold for
less than 35 or 40 cents each.

In placing these thimbles on sale for 8 cents
each, we incur a loss on each thimble; but, as hun-

MRS. THAW NOT IN FAVOR OF DIVORCE

HER LAWYER SAYS IT IS EVELYN WHO WANTS IT

THAW ATTACKED THE GIRL

During Visit to Matewan He Strangled Her and Lawyer Saved Her

NEW YORK, March 10.—Franklin Bartlett, counsel for Mrs. Wm. Thaw, says the idea of a divorce between Evelyn and Harry is repugnant to his client. It is Evelyn, she alleged, who wants a separation. This is a direct contradiction to the story published this morning to the effect that detectives had proof that Evelyn had returned to her old life, and that she must accept \$25,000 offered by Mrs. Thaw, or defend a suit for divorce on grounds that would cause the court to leave her penniless.

It is said on good authority, however, that during one of her visits to Thaw at Matewan he attacked Evelyn, who was saved from being choked to death by her lawyer, and that she fears that if he escapes he will kill her. This attack, it was intimated, was inspired by stories of Evelyn's conduct said to have been told to Harry by the Thaws.

"Mrs. Evelyn Nesbit Thaw desires a separation from her husband and her husband hopes there will be a reconciliation," said Col. Franklin Bartlett, counsel for Mrs. William Thaw. "There has been an estrangement between them, but there has not been any such outbreak on the part of the husband as described in an afternoon paper yesterday."

The following message was received by the Tanberg Auto Co., today, from the White Co. manufacturers of "White" steam cars: "White" Model L won twenty-five hundred dollar class. Model K won thirty-five hundred dollar class, also free for all in San Francisco hill climb. Biggest event of year on coast. Signed, Walter C. White."

TO FILL VACANCIES IN THE COUNCIL

Besides the election of delegates to the republican National convention on April 7, the voters will be called upon to fill the vacancies in the city council and to name a supreme court justice.

The principal interest in the election will be the filling of the vacancies in the council. Three wards are now without representatives at the council, the Ninth by the removal from the city of B. H. Valentine; the Eighth ward, by the removal into another ward of Carl G. Foerster, and the Fifth ward, removal of Robert Schultz. The latter office may not be refilled as Alderman Schultz has taken up his old residence and will probably be induced to return to his duties at the council.

There are three candidates in the field for the office of supreme court justice. R. M. Bashford of Madison, a candidate to succeed him, while the remaining two are John Barnes of Rhineland and F. H. Ruger of Janesville.

Dewitt S. Clark of Eau Claire has signified his intentions to become the running mate of Alex H. Arnold of Galesville as the Taft candidates.

ARTILLERY RANGE AT SPARTA CERTAIN

As a result of a conference at the war department at Washington between Representatives Stevens of St. Paul and Esch of La Crosse and Secretary Taft and Gen. Bell, the chief of staff, it is settled that the order transferring the batteries of field artillery from Fort Snelling will be rescinded, and the war department will favor the establishment of an artillery and general practice range at Sparta, Wis.

It was agreed that not only shall the batteries of field artillery be retained at Fort Snelling, but the department will favor the transfer of an appropriation of \$150,000, which was made in the last congress for the purchase of the Camp Douglas site in Wisconsin, to the purchase of the proposed artillery and general practice range at Sparta. This change must be approved by congress. The rescinding of the order for the removal of the field artillery from Fort Snelling means that the present battery will remain there, and that the battery which was removed will be restored at the earliest practicable date.

GOLDMAN IN MILWAUKEE

MILWAUKEE, Wis., March 10.—The police department was informed yesterday afternoon that Emma Goldman, the anarchist, arrived in Milwaukee at 1:30 o'clock from Chicago. The leader of anarchists was not scheduled to speak at any meeting, and efforts to locate her were unavailing.

KITCHEN RANGE EXPLODES.

FARGO, N. D., March 10.—The boiler of the water heating attachment to a kitchen range burst here, killing the two-year-old son of J. S. Collins and seriously injuring Mr. Collins' one-year-old daughter. The father and mother escaped injury.

The water pipes froze during the night and when an attempt to thaw them out was made in the morning the boiler burst and a piece of the metal struck the boy in the head.

SIMPLE HOME MIXTURE CURES RHEUMATISM

The thousands of men and women who have felt the torture of dread rheumatism will be glad to avail themselves of the following prescription, which will be found the most effective remedy obtainable for rheumatism and all kindred form of blood diseases which cause pains in the muscles, joints, lame back, throbbing head and general debility:

"One ounce Syrup of Sarsaparilla Compound; one ounce Torris Root Compound; half pint of high grade whiskey. These to be mixed and shaken well and used in doses of a tablespoonful before each meal and at bedtime."

The ingredients are obtainable from any well stocked druggist. The kidneys becoming inactive, the poisons which should be thrown off are retained in the blood and settle in the joints and muscles and cause untold suffering. This condition, if not checked, will lead to even worse complications of the bladder and digestive organs.

PRINCE SAGEN AND ANNA GOULD COMING

SHE DENIES THEY WERE WEDDED SECRETLY IN GERMANY

HE GETS PASSAGE FOR TWO

French Social Circles Shocked at What They Call Her Anticipated Folly in Marrying Renegade

PARIS, March 10.—Prince Helie de Sagan has engaged passage for himself and Anna Gould on the Kron Prinz Wilhelm, sailing from Cherbourg to New York tomorrow.

Mme. Anna Gould will also be accompanied by her children.

To have her children with her on the trip, it was first necessary that Mme. Gould obtain the consent of Count Boni de Castellane, her former husband, as required by the decree of divorce. It is said this has been done.

The only persons now in Mme. Gould's house are the concierge and his wife. When asked where their mistress was they indignantly replied: "We don't know. She has not taken us into her confidence and there is no way of knowing what she will do or where she has gone."

Even more indignant was the sewing woman, who was abruptly dismissed Saturday night. She said: "Mme. Gould was in great anger Saturday over the reports printed in the French papers that she had been married to Prince Helie de Sagan in a small German town. Late in the evening she summoned all the servants and dismissed them, saying that the house would be closed for three months and that she could not pay the wages due them until after her return. She also refused to pay a week's wages instead of giving the eight day notice required by the French law."

In spite of her emphatic denials that she is to wed Prince Helie de Sagan, it is reported that Mme. Gould is going to arrange her finances in anticipation of taking a new husband.

One of her lawyers repeated her denial of the story the prince and count's wife already are married. Her personal friends assert that if such a marriage takes place she will commit a great folly which will lead to her utter ruin socially, as Prince Helie de Sagan is outside the pale.

WM. E. WEBSTER OF LA CRESCENT DIES

William E. Webster, father of Postmaster E. B. Webster of La Crosse, died last evening at the latter's home of infirmities of old age. Mr. Webster was over 95 years old, he was born at Boston, Mass., June 13, 1812. Only one son survives him.

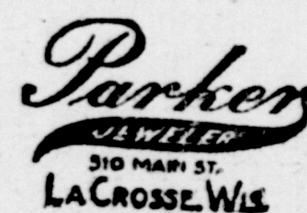

The funeral will take place tomorrow afternoon from the residence. Rev. W. T. Loggell will conduct the services and interment will take place at the La Crescent cemetery.

SALT LAKE CITY'S MONUMENT TO GULLS

The people of Salt Lake City propose to erect a monument commemorating the harvesting of the first intermountain crops by the Mormon pioneers in the summer of 1848. Just before the crops matured great flocks of crickets swooped down upon them from the north. Quick destruction was threatened, when suddenly from the west came an immense flight of gulls which settled in the fields and remained for several weeks, destroying the crickets and saving the crop. The earliest Utah legislation included laws declaring the gull to be a sacred bird and placing a heavy penalty on any one caught molesting it.

TREMPEALEAU TO VOTE ON LICENSE

TREMPEALEAU, Wis., March 10.—(Special.)—For the first time in 10 years Trempealeau is likely to vote on the license question at the spring election. Petitions are now being prepared by certain temperance interests and it is expected the petitions for a vote on the question will be in circulation in a few days.

FRISCO LINE PLEADS GUILTY OF REBATING

ST. LOUIS, March 10.—The Frisco railroad pleaded guilty to the federal indictment charging the granting of rebates to the Chapman Dewey Lumber company.

JEROME DENIES EVERYTHING

ALBANY, N. Y., March 10.—District Attorney Jerome in a report filed today with Gov. Hughes entered a general denial to the charges preferred against him by W. F. King, former president of the New York Merchants' association. The charges demand Mr. Jerome's removal for alleged failure to prosecute prominent men in New York for alleged criminal conspiracy in the insurance and other revelations.

Jerome says he did not know from whom his campaign fund contributions came, that he was powerless to prosecute the Shipbuilding Trust, fraud for lack of power to force witnesses to testify, and he denies any association between himself and the insurance swindlers, although he admits their attorney contributed to his campaign.

TAFT MEN ATTACK THE PRESIDENT

CAMPAIGN CIRCULAR SAYS BILL IS DIFFERENT

WON'T USE TEDDY'S WAYS

All Washington Excited Over Document Which Vroys Says He "Repudiates"

WASHINGTON, D. C., March 10.—Publication in a Washington paper of a most remarkable piece of literature from the Taft press bureau at Columbus caused a prompt sensation. The literature set forth that Taft has been misunderstood, that he is for the Roosevelt policies and not the Roosevelt methods. It is explained that Taft is a very different sort of man from Roosevelt. Excerpts from it follow:

"Mr. Taft's long record is distinctly against any conclusion that he would continue Mr. Roosevelt's methods."

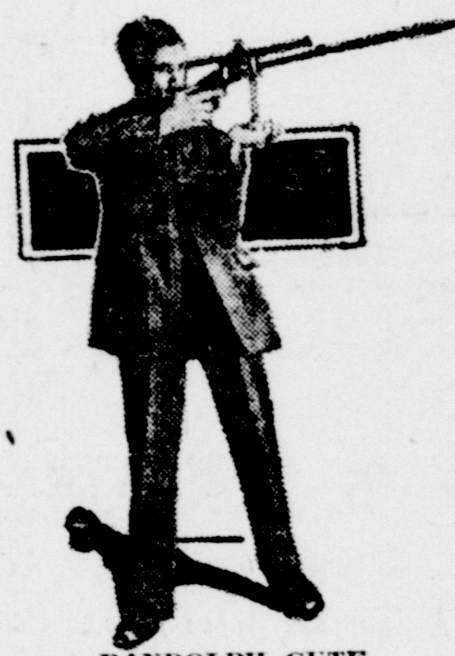

"He has displayed brains, ability, good judgment, and, above all, sanity, in the great and successful accomplishments of his career."

"We must not lose sight of the fact that there is a temperamental difference in the two men, Roosevelt and Taft. By nature and by training, as a lawyer and as a judge, Mr. Taft has always manifested a thoughtful attitude in his judgment, and a great deliberation and conservatism in his actions."

"Neither is it conceivable that a man of his force of character would be controlled when in the full power of the presidency, by any outside personality."

Resentment and commotion followed this story, and Arthur I. Vroys, western manager for Taft, hastened to "repudiate" the literature. He explained that it was sent out by a subordinate during his own activity at the Ohio state convention. He said he never would have stood for it. Nevertheless there are a lot of mad people as a result of the thing, and many progressive politicians say the appeal to the reactionary vote will hurt Taft, unless he repudiates it by a declaration that he is going to be as strenuous as the president ever was.

THIS MAN MADE A PERFECT RIFLE SCORE

RANDOLPH GUTE.

The most phenomenal target shooting of the year has been done by Randolph Gute. In the indoor 22-Caliber Rifle league held in Rochester, he made a world's record of the bull's eye target with a perfect score of 0 degrees. This target consists of merely a black carton, 4 inches in diameter, without lines or rings and must be shot exactly in the center at a distance of 75 feet to make the above score. Randolph Gute of Jefferson county, New York, was unknown up to about four years ago among good shots fraternity. The first prominent tournament he attended was an indoor match at Pittsburgh, Pa., in 1905. At the Zittler Rifle club shoot, which followed in New York, he made a high score on the ring target, and also on the extremely difficult Zimmerman target.

DOCTOR THE SKIN TO CURE THE SKIN

Scientific Study Proves Eczema Cannot Be Treated by Dosing the Stomach With Drugs

Advanced medical science, after years of study and research, is now practically agreed that Eczema, psoriasis, skin rheum, and diseases of like nature are skin diseases—and cannot be cured by doctoring the blood. The treatment prescribed is the direct application of healing, soothing remedies to the skin.

"Doctor the itch where the itch is"—such is the common sense as well as scientifically correct conclusion. Oil of wintergreen, compounded with such other soothing vegetable remedies as glycerine and thymol in D. D. Prescription, is recognized as the specific. Physicians use D. D. Prescription freely in their practice. Dr. C. A. V. Hartleben, Washington, D. C., writes as follows:

"D. D. Prescription is medicinal, soothing and the effect is miraculous. I know it saved me a deal of suffering. I recommend it to everyone I can."

This letter is only one of many testifying to the merits of this purely vegetable remedy. Copies of other letters may be seen at our stores. Hoescher Bros. Free treatise on care and nutrition of the skin may be had on application.

CATARRH BLOOD UNHEALTHY SYSTEM DERANGED

The entire inner portion of the body is covered with mucous membrane; this membranous tissue is abundantly supplied with blood vessels, veins, arteries, and capillaries. Each of these is constantly supplying to this tissue or lining, blood to nourish and strengthen it and keep the system healthy. When the blood becomes infected with catarrhal matter it is not able to furnish the required amount of healthful properties, but feeds the parts with impurities which disease the membranes and tissues so that they become irritated and inflamed, and Catarrh, with all its disagreeable and dangerous symptoms, is established in the system. There is a constant ringing in the ears, a thin, watery discharge from the nostrils, the breath has an offensive odor, slight fever often accompanies the disease, and gradually the entire health becomes affected and the system upset and deranged. In its earlier stages, when Catarrh is confined to the nose and throat, sprays, washes, inhalations, etc., are soothing and in a way beneficial, because they are cleanly and usually antiseptic, but such treatment has no curative effect, because it does not reach the blood. To cure Catarrh the blood must be purified, and this is just what S. S. S. does. It goes down into the circulation and attacks the disease at its foundation; it removes the cause and makes the blood pure and healthy. Then the blood vessels are filled with fresh, reinvigorated blood, which is carried to all the mucous surfaces and linings, the inflammation and irritation are corrected, the symptoms all disappear, the health is improved and Catarrh is permanently cured. Book on Catarrh and any medical advice free to all who write.

IS NEARLY KILLED IN BAD RUNAWAY

SIOUX FALLS, S. D., March 10.—Mat Zeien, a prominent Davison county farmer, was seriously injured in an effort to stop a runaway team. He ran directly in front of the animals and attempted to get a firm grip on their bridles, but they shook him loose and he was thrown violently to the ground, the wheels of the heavy wagon passing over his body. It is feared he is injured internally. After running over a mile the frantic horses jumped into a stream and narrowly escaped being drowned.

Good for Everybody.

It corrects stomach liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c at O. T. Erhart's drug store.

MINNESOTA AND THE NORTHWEST

BRYAN IS NOT TO FIGHT JOHNSON

ADVISES MINNESOTANS TO LET "FAVORITE SONS" GO

PARTY HARMONY HIS IDEA

State Leaders Announce Johnson Delegation to Be Unopposed.

WASHINGTON, March 10.—Peace and probably unity between the Bryan forces and the Johnson following in the Northwest is the talk now in democratic circles. The Bryan radicals in Minnesota have been called off in their opposition to Gov. Johnson, and he is to be conceded the state without opposition, if the plan set on foot by Willis J. Abbott and other strong Bryan followers is followed out. Bryan, it is said, has sent word that he wants no trouble and will not make any personal fight on any democratic candidate for the presidency in his home state.

Cabinet for Johnson.

While the Bryan men claim that they have received advices from Minnesota that Johnson would not carry all the congressional districts in event of a contest they are willing to admit that it is best to avoid a fight and concede the state to Johnson. Some of them think that Gov. Johnson and his friends are playing good politics and if, at the psychological moment, the Johnson delegates to the Denver convention go over to Bryan and make his nomination certain it would make the governor a member of the cabinet in the event of a democratic success. On the other hand if Bryan is defeated, Gov. Johnson will stand forth as the coming man for 1912, and the preliminary work of his candidacy four years hence will have been well carried out.

BIG NEW ORLEANS DERBY IS FEATURE

MANY STARTERS ARE CONCEDED TO HAVE A CHANCE

BIG RACE ON FOR SATURDAY

Pinkola Will Stand a Better Show if the Track Is Muddy—Chapultepec Is a Favorite

NEW ORLEANS, March 10.—With the Mardi Gras period of racing safely out of the way, the attention of the local racing world is now drawn to the running next Saturday of the \$10,000 Crescent City Derby. For weeks past the supposed winners have had it figured a certain thing for the star 3-year-old Chapultepec, but now, almost on the eve of the race, there is talk of possible competition that is worthy of notice. There is no gainsaying the fact that Chapultepec is probably the best horse that ever raced in New Orleans, and yet there is a possibility that he may be beaten in his best chance of the local season.

No one questions the ability of Chapultepec to carry weight and go a distance. He has demonstrated that clearly enough. But there are others who may be depended upon to do almost as well, as they have not the failing in the matter of disposition that characterizes the Burlew & O'Neill star. Chapultepec, with all his quality, is an uncertain horse for the reason that he is of such nervous disposition that he must always be a dangerous proposition at the start. His inclination to wheel with the rise of the barrier has given the starters, as well as owners, much uneasiness. Eliminate that and he seems to stand out alone in the Derby field.

The nearest rival for Chapultepec will be Pinkola, and if the Derby should be run over a muddy track this son of Pink Coat is considered to have better than a fair chance of beating the present favorite.

Fizer has worked Pinkola carefully.

Horace Newman and Caroline Eckert with Ezra Kendall Company, La Crosse Theatre, Tonight.

died out. The radical Bryan following is very wrath at the New York World, which flies, with startling headlines across its front page, bitter attacks on Bryan and laudation of Minnesota's governor. This kind of support, it is claimed, is what ruined the early boom of Gov. Johnson, who would it is pointed out, have been second choice to Bryan at the convention.

U. S. PAYS BILL DUE IN 1865

ST. PAUL, Minn., March 10.—Uncle Sam may be slow pay, but he is honest and if given time enough will pay off his debts. This at least has been the experience of E. D. Libbey, 1082 Ashland avenue, formerly adjutant general of Minnesota. The government owed Mr. Libbey \$44,100 ever since the close of the civil war, in 1865, forty-three years ago, and just got around to paying it.

Mr. Libbey served through the civil war and in January, 1865, was mustered out in June of the same year, but received only the pay of a sergeant during the time he had been a commissioned officer. The difference amounted to \$44,100 and it has been coming to Mr. Libbey ever since.

Forty-three years seems a long time to wait, but Mr. Libbey waited and has received a check for the amount.

"I'm glad I didn't get it before," he said. "Forty-four dollars is just as good today as it was in 1865, and the best of it is I've got it now."

Even the richest millionaire may be a poor apology for a man.

fully and has him in fine condition, even though he does not find a race for him before the Derby is run. He has worked better than Chapultepec, and Fizer argues that even with a fast track he has a chance.

Pacemakers for Race.

The Shaughran is the dark one of the "clockers" are watching, because of the confidence of his stable connections, but as he has not started, this colt will attract little attention from the local public.

E. T. Shipp and Angelus are almost certain to be among the Derby field, the former as stable companion and pacemaker to Pinkola, and Angelus to assist Chapultepec.

There are several other probable starters, but they may be counted as almost certain also. The only exception to this may be Miss Delaney, which ran second to Angelus in the preliminary Derby. If she can handle the weight in such company she may be counted a factor in the event of heavy or soft going.

The Lucky Quarter

Is the one you pay out for a box of Dr. King's New Life Pills. They bring you the health that's more precious than jewels. Try them for headache, biliousness, constipation and malaria. If they disappoint you the price will be cheerfully refunded at O. T. Erhart's drug store.

MILWAUKEE PLANS "DOINGS."

MILWAUKEE, March 10.—(Special)—A week from today there will be some "Doing of the Green" in Milwaukee, the occasion being St. Patrick's day. Milwaukee Hibernians are planning an unusually large celebration.

It's a good thing to have a reputation that isn't bad.

FIGHT FLAMES IN ROWBOATS

DETROIT, Mich., March 10.—In Battle Creek 1,000 houses are surrounded by water and the Union Congregational church has been put to use as a shelter for homeless families. The Rathbun & Kraft planing mill on McAmley street in Battle Creek, a brick building erected on filled-in land, was undermined and fell into the Kalamazoo river yesterday afternoon.

Firemen whose engines could get no nearer than a quarter of a mile fought a fire in the flood district for two hours yesterday afternoon from rowboats.

CHICAGO WILL MEET CORNELL

CHICAGO, March 10.—Chicago and Cornell will meet in football Nov. 14 at Marshall field. Definite assurance of the hoped-for eastern contest was given to maroon rooters, when the board of physical culture and athletics announced its consent to the game, following the invitation extended by the Itascaans.

The action taken by the maroon board was the result of communication with Coach Staggs, and it was withheld until Saturday when further information concerning the plans was received from the coach. The Cornell authorities asked for the game with the understanding that it was to be played at Marshall field, according to the maroon professors, and the Midway board agreed on the same understanding.

GIVEN UP TO DIE

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? O. T. Erhart.

NEW TIME CARD ON SOUTHEASTERN

After next Sunday, March 15, a new time card will go into effect on the La Crosse & Southeastern, the trains recently discontinued will be reinstated.

The new train will leave this city at 7:35 a. m. and arrive in Viroqua at 9:35 a. m. The mixed passenger and freight which now leaves at 3 o'clock will depart at 7:30 a. m. No. 1, a mixed train, will reach La Crosse at 10:10 a. m. No. 3 passenger will leave Viroqua at 4:10 p. m. and reach here at 6:10. There will be two passenger trains out of La Crosse on Sundays, one leaving at 7:35 a. m. and the other at 6:30 p. m.

NORTHWEST IN BRIEF

PIERRE, S. D.—At the last meeting of the city fire department the officers selected for the coming year were: F. L. Lillibridge, chief; E. J. Schulz, first assistant; Harvey Grenard, second assistant; P. L. Dotson, secretary; Robert Brandhuber, treasurer.

PIERRE, S. D.—In the elections for the organizations of new ships west of the river the license question was an issue and Underwood and Wasta license carried, while Quinn it was defeated. At Wasta, besides the license issue, tickets were put up by the old timers and the newcomers and the latter won.

SHORTAGE IN SUPPLY SENDS BUTTER UP

DAIRY PRODUCT NOW SELLING AT 30 AND 33 CENTS

EGGS DROP TO 17 CENTS

Advent of Warmer Weather Brings the Price of Hen Fruit Down to Reasonable Figure

A shortage in the supply of dairy butter on the wholesale markets has caused a slight advance in price and the product is now selling at 30 to 33 cents per pound.

Eggs took a slight slump in price at wholesale again today, to 17 cents per dozen. Eggs on track are now selling at \$4.65 per case.

OFFERS \$10,000 FOR HOFMAN

NEW YORK, March 10.—Owners of the Brooklyn baseball club have been anxious to add another star ball player to their team for the coming season. At the meeting of the National League in this city Charles H. Ebbets, the president of the Brooklyn club, and Charles W. Murphy, the president of the Chicago club, were engaged in conversation, in the course of which Ebbets said he would give Murphy \$10,000 for the release of Hofman, the general utility player of the Cubs. The offer was refused. Ebbets says he has renewed his offer of \$10,000 for a player of the value of Hofman, adding that he will give \$50 to anybody who will secure a man of Hofman's caliber.

THREE NIGHTS EACH WEEK AT RINK

Although the crowds at the Park roller rink have been quite large recently Manager Willing has decided to have the rink open after this week on only Wednesday, Friday and Saturday.
 A rink will be established at West Salem to run for three nights in the week.

With the warmer weather the sport declined somewhat and it was therefore decided by Mr. Willing to cut down. The evenings which are given up to the sport are now well attended.

STATE NEWS IN BRIEF

APPLETON—At the annual meeting of the executive committee of the Wisconsin Sunday School association it was decided to make an effort to obtain William Jennings Bryan to speak on the closing night at the twenty-second convention to be held at Neenah, May 26, 27 and 28.

GRAIN THIEF DETECTED.

COLBY, Wis., March 10.—(Special.)—William Baumgart has discovered the thief who has been systematically robbing his granary by playing Sherlock Holmes. The thief was careless and failed to tie one bag tightly, and a thin stream of oats led from the granary to his home. Baumgart followed this with a will, and hopes to land the thief in the county jail this week.

WISCONSIN NEWS

LA FOLLETTE WILL SPEAK THURSDAY

SENATOR WILL GIVE ALDRICH BILL ATTENTION

VALUATION AMENDMENT UP

Wisconsin Man Expected to Make Strong Speech for His Rider

WASHINGTON, D. C., March 10.—Senator La Follette is expected to deliver his speech on the Aldrich currency bill on Thursday. He has not been able to attend the sessions of the senate, except one day, since he was taken sick three weeks ago, and the strain of making the speech is going to be a severe tax on his strength. It is expected his speech will be one of the events of the debate, and Senator Aldrich fears that it will have the effect of postponing for some time a vote on the bill, because it is expected to open for discussion a new line—the question of valuation of railroads. To this Senator La Follette is expected to devote most of his attention.

Lighthouse for Lake Superior.
 A favorable report was made yesterday by the committee on commerce on a bill introduced by Senator Smith of Michigan appropriating \$100,000 for the establishment of a lighthouse and fog signal at or near the easterly end of Michigan island in the Apostle group at the westerly end of Lake Superior.

AUTO CONTEST HAS STARTED

MILWAUKEE, March 10.—(Special.)—The Wisconsin automobile reliability contest is on.
 At 6 o'clock this morning more than twenty motor cars, touring cars, runabouts and roadsters, started on a 300 mile grind over all kinds of roads. It is considered doubtful that any car will finish with a perfect score. The contest is a "sealed" run, all parts of the machine being sealed. For each seal that is broken to repair the mechanism, the car is penalized.

The route for the contest includes West Bend, Fond du Lac and Oshkosh for the first day. The second day the cars will run to Ripon, Brandon, Waupun, Beaver Dam, Columbus, Madison, Oregon, Evansville, Janesville and Beloit. Here another over-night stop will be made. The third day is expected to see the cars run from Beloit to Milwaukee via Janesville, Milton, Whitewater and Waukesha.

Wisconsin roads are in a terrible condition, according to the "scouts" sent out by A. W. Shattuck, resident manager of Thos. B. Jeffery & Co., the Rambler manufacturers, last week. The big touring car finished the run in less than sixty hours, astounding Milwaukee automobile men. The same car is being sent out by the Rambler company in the present run, and if it finishes in the same time, the performance will be all the more remarkable.
 This is the first time that such a contest has been undertaken in the northwest.

HERMIT IS INCURABLE.

STEVENS POINT, Wis., March 10.—(Special.)—Fritz Klewitz, the well known hermit of Stevens Point, who was committed to the hospital for insane at Oshkosh, during the summer, has been pronounced incurable and will be taken to the Marathon county asylum at Wausau. The hermit was an interesting character for many years. It is believed that the solitude drove him insane.

Neuralgia

Pains

Are the result of an abnormal condition of the more prominent nerve branches, caused by congestion, irritation, or disease. If you want to relieve the pain try Dr. Miles' Anti-Pain Pills. They often relieve when everything else fails. They leave no disagreeable after-effects. Just a pleasurable sense of relief. Try them.

"I have neuralgia headache right over my eyes, and I am really afraid that my eyes will burst. I also have neuralgia pain around my heart. I have been taking Dr. Miles' Anti-Pain Pills recently and find they relieve these troubles quickly. I seldom find it necessary to take more than two tablets for complete relief."

MRS. KATHERINE BARTON
 1117 Valley St., Carthage, Mo.
 "I have awful spells of neuralgia and have doctored a great deal without getting much benefit. For the last two years I have been taking Dr. Miles' Anti-Pain Pills and they always relieve me. I have been so bad with neuralgia that I sometimes thought I would go crazy. Sometimes it is necessary to take two of them, but never more and they are sure to relieve me."
 2434 Lynn St., Lincoln, Neb.
 Your druggist sells Dr. Miles' Anti-Pain Pills, and we authorize him to return the price of first package (only) if it fails to benefit you.

GET BUSY CUTTING OUT THESE COUPONS!

DOERFLINGER'S

Every coupon represents money. The humblest man or woman may cut coupons today with the millionaire—and every coupon represents a remarkable and worth-while saving.

CUT OUT THESE COUPONS—THEY ARE GOOD FOR CASH

We are going to put the several daily newspapers to a competitive test tomorrow to determine their relative value to us as advertising mediums. It's rather an expensive way for us to find out, but we believe that ultimately the results will warrant the loss we take on the different articles offered below at ridiculously low prices. The readers of our advertising reap the benefit of our experiment. The public will be judge and jury to decide the problem we aim to solve. Upon the verdict of that Public we shall divide the store's newspaper appropriation for the coming year. Cut out any one or all of these cash coupons printed below, present them at the department where the advertised goods are sold and they will be accepted in part payment for the article the coupon calls for. **NO GOODS SOLD AT LESS THAN REGULAR PRICES WITHOUT THE COUPON WHICH REPRESENTS THE MISSING PART OF THE PRICE.** The store is a vast treasure chest of rare bargains—-you cannot afford to stay away from sharing in them one day this month.

NEW CHAIR AT LAWRENCE.

APPLETON, Wis., March 10.—The board of trustees has established a new chair of rhetoric at Lawrence university, and has elected Prof. O. P. Fairfield of Alfred college, Alfred Center, N. Y., to fill it. He will commence his new duties next September. The move was made possible by the fund received from the general education board last July, when the local institution raised \$150,000 in order to get \$50,000 from the Rockefeller fund, it.

NOTICE TO OUR CUSTOMERS

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. O. T. Erhart.

CHILD IS SCALDED.

DULUTH, Minn., March 10.—The infant son of Mr. and Mrs. Edward House of Chub Lake, Carlton county, was fatally scalded by falling into a tub of hot water. The child was two years of age. The skin came off the body when the clothing was removed, and death relieved the sufferer in a few hours.

Anyway the man who has no faith in himself is able to realize his own weakness.

Best Healer in the World.

Rev. F. Starbird of East Raymond, Maine, says: "I have used Bucklen's Arnica Salve for several years, on my old army wound, and other obstinate sores, and find it the best healer in the world. I use it too with great success in my veterinary business." Price 25c at O. T. Erhart's drug store.

Nothing will make a red headed woman more angry than to be asked if she is ready.

WISCONSIN SENDS DELEGATE

PITTSBURG, Pa., March 10.—(Special.)—The international missionary convention opened here today. Wisconsin is represented by Prof. W. S. Naylor of Appleton, of the department of biblical literature in Lawrence university. Prof. Naylor will be one of the principal speakers, having had extensive experience in missionary work and is the author of a book on "Africa" that is being used as a text book in missionary classes.
